Pavers

Curb appeal, locked in.

Home neat home. From driveway to walkway to style-it-your-way, our inspiring selection of interlocking paving stones makes it a snap to get creative. Lock in your design dreams with these color-consistent, salt resistant beauties that are built to survive the drive; but, why stop there? Patios, pathways and poolside are all primed to share the spotlight, while keeping things neat under your feet.

Permeable Solutions

Eye-catching and eco-friendly.

Give new meaning to the term “environmentally conscious” with permeable pavers that are as eye-catching as they are eco-friendly. With all the desirable features of our traditional pavers, plus the added functionality of effective surface water management, permeable pavers are a rock solid way to treat your home environment to an elegant upgrade while keeping the grander environment in mind. Stress less about flooding.

Permeable Paver

Designed with larger joint space to allow storm water to percolate through.

Small Aggregate (2.5-10 mm)

Filters out contaminants & debris from the rainwater.

Medium Aggregate (5-28 mm)

Transition layer that further filters out pollutants.

Large Aggregate (40-80 mm)

Reservoir layer for rainwater harvesting & the evacuation of excess water through a drain pipe.

Options

PERMEABLE BY DESIGN

Aquastorm	p. 70
Inflo	p. 77
Pure	p. 83
Victorien Permeable	p. 89

EXCELLENT PERMEABLE CAPABILITIES

Edges

Always on the edge,
never out of line.

When it's time to get your lawns and landscaping in line, style's the limit for 2019. Edges add an eye-catching angle of elegance to your gardens and landscaping while ensuring grass, mulch, and other natural delights stay rather than stray. From subtle to smashing, we've lined up a showcase of stone borders that instantly add a polished edge to your outdoors. Let nature's beauty shine while keeping it all in line, with durable solutions that go the distance while always looking the part.
