

Built for Contractors, by Contractors.

If you're cutting concrete, masonry or tile, you know the problems that dust creates on your job site. As contractors for over 30 years, we realized dust was costing our business time and money, and threatening the health and safety of our workers.

Vacuum System

iQ's patented dust collection technology begins with an integrated vacuum system that starts automatically with each saw. Eliminate slurry, wet-cutting, and dust cleanup.

Filter System

The dust captured from each cut passes through a multi-stage filtration system which minimizes wear on the filter. iQ saws feature the Quik-Spin® filter for easy cleaning.

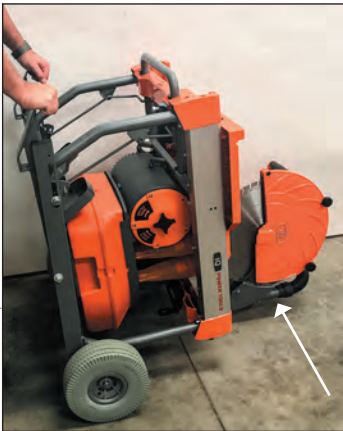

Dust Containment

With integrated dust containment, cleanup and recycling are easy. Empty the dust tray just once a day. iQ Saws are tested to meet the new OSHA Silica Standard and capture up to 99.5% of hazardous silica dust.

iQMS362™

World's first 16" dry cut masonry saw with integrated dust control.

iQMS362 Specs

With integrated dust collection technology, the iQMS362 combines the power of a top of the line masonry saw with a powerful cyclone vacuum system. The iQMS362 is efficient and precise. Water-free, slurry-free and dust-free.

- 24" rip cuts
- Cutting depth: 5.5"
- 18" diagonal cuts
- OSHA Compliant

Item Number	Description	Price
iQMS362	16" masonry saw with integrated dust control system	\$2750

VOLTAGE	120v
TOTAL SYSTEM AMPERAGE	18amps
SAW MOTOR AMPERAGE	15amps
VAC MOTOR AMPERAGE	3amps
SAW WEIGHT	150lbs
BLADE SIZE	16.5"
FILTER TYPE	iQ Dura Bond Cartridge
CUTTING DEPTH	5.5"
DUST CAPACITY	45lbs
SAW DIMENSIONS	31"W x 40"H x 41"L
RECOMMENDED, NOT INCLUDED	
EXTENSION CORD	25ft/12guage or 50ft/10gauge
GENERATOR	4500watt

iQ360XR™

Cut stone, brick, pavers and tile inside or outside while maintaining a safe, dust-free work environment.

iQ360XR Accessories

iQ360XR Specs

The iQ360XR™ is tough, built for professionals and designed to last. With basic maintenance – like changing the filter annually – your iQ360XR™ will last for years.

- Tested to Capture 99.5% of the Dust
- Compact & Lightweight—Easy to Transport

Item Number	Description	Price
iQ360XR	14" masonry saw with integrated dust control system	\$1950
iQ3xRT	iQ360x Rolling Table	\$150
iQ3SC	iQ360 Smart Cart	\$350

VOLTAGE	120v
TOTAL SYSTEM AMPERAGE	20amps
SAW MOTOR AMPERAGE	15amps
VAC MOTOR AMPERAGE	5amps
SAW WEIGHT	65lbs
BLADE SIZE	14" Blade
FILTER TYPE	iQ Dura Bond Cartridge
CUTTING DEPTH	4.5"H x 12"L
DUST CAPACITY	1 cu ft
SAW DIMENSIONS	27"W x 34"L x 28"H
RECOMMENDED, NOT INCLUDED	
EXTENSION CORD	25ft/12guage or 50ft/10gauge
GENERATOR	4500watt

iQPC912™

Capture of up to 90% of the dust right at the source with integrated dust control.

Quick Change Model NEW!

iQPC912 Specs

The iQPC912 is a game-changing tool for construction professionals. You can eliminate dust and slurry, save time and money, and run a cleaner operation. *That's smart.*

- Balanced ergonomic design
- Construction duty
- Designed and assembled in the USA
- Made of Tough, High Impact Materials
- OSHA Compliant
- 90 day warranty

Item Number	Description	Price
iQPC912vsk	12" Quick Change Power Cutter with integrated dust control system	\$1950

MOTOR	93cc gas-power
SAW WEIGHT	31 lbs / 34 lbs
BLADE SIZE	12"
FILTER TYPE	iQ Dura Bond Cartridge
CUTTING DEPTH	4"
DUST CAPACITY	5 lbs
SAW DIMENSIONS	13"W x 42"L x 16"H

iQTS244™

World's first DRY
cut tile saw.

10" Q-Drive Blade
with Cool Cut
Technology

Vacuum Port Hose Kit

iQTS244 Specs

With integrated dust collection technology, the iQTS244 combines the power of a top of the line tile saw with a powerful cyclone vacuum system. The iQTS244 is efficient and precise, with no water, no slurry and virtually no heat.

Item Number	Description	Price
iQTS244	10" dry cut tile saw integrated dust control system	\$1590
iQTS-XS	iQTS244 X-Stand	\$150
0244-50002-01	Miter Attachment	\$150
0244-50001-01	Extension Table	\$250
0244-50003-01	Vacuum Port Hose Kit	89

- 24" rip cuts
- 18" diagonal cuts
- OSHA Compliant

VOLTAGE	120V
TOTAL SYSTEM AMPERAGE	17amps
SAW MOTOR AMPERAGE	1.5hp/12amps
VAC MOTOR AMPERAGE	.8hp/5amps
SAW WEIGHT	93 lbs
BLADE SIZE	Q-Drive 10" Blade
FILTER TYPE	iQ Dura Bond Cartridge
CUTTING DEPTH	1"
DUST CAPACITY	11 lbs or over 500 L.F
SAW DIMENSIONS	27"W x 34"L x 28"H

iQ Industrial Solutions

iQ Dust Collection Vacuum Systems are built with a durable design for industrial applications. Our systems meet all state and federal OSHA regulations including army corps of engineers EM385.

Item Number	Description	Price
iQ1014S	iQ Portable Dust Collection	\$9390
iQ2003S	iQ Dust Collection Vacuum System 3 hp / 220v / 1700CFM	\$12490
iQ2005S	iQ Dust Collection Vacuum System 5 hp / 220v / 2500CFM	\$12490
iQ2007T	iQ Dust Collection Vacuum System 7.5 hp / 480v / 4000CFM	\$13490
iQ2013G	iQ Dust Collection Vacuum System 13 hp / Honda Gas / 4000CFM	\$13490
iQT20	iQ 20" Saw Collection Table Includes: 2 qty vac hoses & 4 qty clamps.	\$2290

Safety Gear

iQ Safety Gear provides the perfect balance of comfort and quality. Durable enough for the demands of the job site with lightweight design provides all day comfort and protection.

Item Number	Description	Price
0140-70005-01	iQ Earmuff, Hearing Protection	\$14.90 ea
0140-70001-01	iQ Safety Glasses, ECO Clear, HC & AF	\$4.90 ea
0140-70002-01	iQ Safety Glasses, ECO Tint, HC & AF	\$4.90 ea

Silica

Silica dust is a major concern affecting the construction industry. We are doing our part to educate the industry. We offer materials for you to use to educate your team on the hazards of silica dust.
