Bluemist Granite Treads

Granite Treads from Old World Cobble® have three sides rock faced and a sawn back. The granite top has a thermal finish which is a rough texture for skid resistance. **Granite Treads from Old World Cobble®** are 2" thick.

Gray Granite Steps

- **Granite Steps from Old World Cobble®** have three sides rock faced and a sawn back. The granite top has a thermal finish which is a rough texture for skid resistance.
- **Granite Step Fillers from Old World Cobble®** are 6"x7" sawn 2 sides and split 2 sides for filling the gaps in higher stacked granite step assemblies.
- **Old World Cobble® Granite Platforms** give you a wonderfully permanent landing atop your granite step assemblies or even as a step down patio. The 7" thick granite platforms have three sides rock faced and a sawn back, and come 2 per pallet. The granite top has a thermal finish which is a rough texture for skid resistance

Sandy Point Pattern Stock

Old World Cobble® Granite pattern stock is 1-1/4" thick and has a thermalled finish on the top for slip resistance. Not as heavy duty as the bush hammered granite pavers **Old World Cobble® Granite** pattern stock allows for the strength, appearance and permanence of stone with less intensive labor. **Old World Cobble® Granite** pattern stock is great for patios and walkways.

FIELDSTONE

Old World Cobble® carries a wide range of New England Fieldstone in our efforts to offer you "more than just Cobblestone". Beautiful old stone from those wonderful old walls throughout New England. Nature's re-usable gift to us. Old as the earth itself and fully green and natural. Beautify your property with stone walls. Protect your home with beautiful stone walls. Support New England vendors who work to recycle and beautify New England, while supporting the New England economy.

SAKONNETT ROUNDS

Originally the premier wholesale importer/distributor of cobblestone throughout New England. Old World Cobble® has expanded it's product line to include granite steps, treads, pattern stock, posts and curbing. We have also expanded our color selection to include brownstone, blue mist, sandy point as well as OWC gray. Last year we introduced New England Fieldstone flats, rounds, wall run. Also our line of dimensional granite in Connecticut Tan and Vermont Gray. Be sure to check out all our product lines on www.oldworldcobble.com.

And now we introduce Sakonnet River Rounds. Golden hued, round fieldstone from Southeastern New England. Perfect for building strong walls. offered in full stone and split in half for full bed veneer. Shipped in wire baskets 2500# each.
