ALLAN BLOCK CONTRACTOR CERTIFICATION TRAINING SEMINAR

This course is your opportunity to enhance your knowledge and learn practical skills that have helped thousands of professionals build their SRW wall construction business. As the industry continues to grow and advance, the requirements for contractors to be certified in SRW practices is becoming the standard and is part of the Best Practices Design initiative for zero wall failures. This course is nationally accredited to fulfill this requirement while providing valuable information and hands-on experience.

Why Attend the Certification?

- Learn basics for SRW installation and how to ensure your walls last a lifetime
- Best Practices for SRW REQUIRE contractors to be certified
- Increase efficiency in design, estimating, or building phase of your projects
- Differentiate yourself from the competition
- Project leads/referrals
- Annual rewards program (Get bags, coolers, dead blow hammers, levels, etc.)
- Become aware of industry advancements
- ICPI Accredited Course (7 Credits)

Program Agenda:

7:30 AM Registration & Breakfast
 8:00 AM Course Presentation
 12:00 PM Lunch will be provided
 1:00-3:00 PM Hands-on**
